

Fiche ressource
Mémo. électricité

Quelques symboles de composants électriques

désignation	symbole	Désignation	symbole
Pile ou accumulateur		Condensateur non polarisé	
Interrupteur (ouvert)		Condensateur polarisé	
Capteur fin de course		fusible	
Moteur		Photorésistance	
Lampe (électrique)		Condensateur variable	
Résistor		Inductance	
Thermistance		Inductance variable	
Diode		Transistor NPN	
Diode électroluminescente		Transistor PNP	
Photodiode		transformateur	
Résistance ajustable		Haut parleur	
Potentiomètre		Circuit intégré	
Voltmètre		Ampèremètre
